When people lose their way  
A prophet sets it right!  
And soon a Prophet comes who's wisest of the wise.  
A day, a night, a day  
As if there were no night;  
The sun shall rise and set, yet light will fill the skies!

This is the sign the night before His birth  
When all the angels voices fill the earth!

New lights will fill the skies.  
The signs and wonders say  
That Jesus Christ is come to save us as His own!  
A new star shall a rise;  
Pro claim this holy day;  
A light to shine as other lights have never shone!

This is the sign that tells us he is here!  
His star a rises to lift our hope and give us cheer!

A new star shall a rise;  
Proclaim this holy day;  
A light to shine as other lights have never shone!  
This is the sign that tells us he is here!  
His star arises bringing hope and cheer!  
Bringing hope and cheer!  
Bringing hope and cheer!
