You can talk about the summer and the rest,
but the season that is really best of all
is Christmas with its cheer
and joys we all remember,
the times that will live in our hearts.
It comes once a year,
and how we can feel the magic
that Christmas is bringing.

Christmas Comes But Once a Year;
Holly wreaths and mistletoe
and the feeling of good cheer
is as fresh as falling snow.

The joy that comes from Christmas
is like no other time,
And when we are all together,
what a feeling so divine.
So easy to remember the stockings on the wall,
little children's smiling faces.
Christmas comes to one and all.

Christmas Comes But Once a Year;
Holly wreaths and mistletoe
and the feeling of good cheer
is as fresh as falling snow.

The joy that comes from Christmas
is like no other time,
And when we are all together,
what a feeling so divine.
So easy to remember the stockings on the wall,
little children's smiling faces.
Christmas comes to one and all.
Christmas Comes But Once A Year.
